The Great Show Coming. they will commence building inimediately the propose to run the building up from 4 much longer. This office can't stand it much longer. Won't some of our friends bring be remembered. Our citizens are wide awake on the subject, and intend, if possible, to except with metal. The rooms when completed us a wee bit? Town Election.

The election for town Trustees of Stanford took place on last Saturday, resulting in the cook place on last Saturday, resulting in the cook place on last Saturday, resulting in the scenes on the cook place on last Saturday, resulting in the cook place of the cook pl Almost a Pire.

On Thursday morning last the kitchen at tached to the dwelling of the late Dr. Thomas Welch, at Crab Orchard, was discovered to be on fire all over the roof. The timely arrival of the corgelic citizens of the town, who used water rapidly and freely, soon put a stop to the rathless element. In a few minutes more the entire building would have been destroyed. The loss was small, and is fully covered by incurance, as we learn. Capt. Welch fell from the roof and hurt himself seriously.

Two Storms.

We had two storms on last Monday; one of the working the late of the working that they did much injury to gardens, was shell two storms on last Monday; one of the working that they did much injury to gardens, was shell two storms on last Monday; one of the working that they did much injury to gardens, was shell two storms on last Monday; one of the working that they did much injury to gardens, and would be benefit. The South Fork traps have, and are yet supplying the latter market most abundantly. While all indications for angling are good and the weather those back to do so. The following grows a little warmer, of course, "Uncle Sid" with its spiendid area to cheerful witness. It is not merely a circu with its spiendid area to cheerful witness. It is not merely a circu with traps have, and are yet supplying the latter traps have the court an Two Storms.

We had two storms on last Monday; one of them of rain and a furious wind, which occurred about 7 o'clock A.M. and the other of rain, hall and wind, the most territe we ever saw, with a single exception. This occurred about 5 o'clock P.M. It spent its fury in loss than three minutes, but during this short time so heavy was the rain fall, that our atrects because would not remained and the problems of them almost an inear in circumfarence.

High Waters.

We learn from Mr. J. W. Hall, of Somerses, that the heavy rain on Monday last canced grant destruction of propagaty in that vicinity. The small streams around the town hecome swollen in the right and swept away the foresce in every direction. On Carebor, land triver the damage was immonse, the river being higher than ever before. There were being higher than ever before. There were being higher than ever before. There were being minds and such and the propagation of propagate, and the propagate in the right and swept away the fourses in every direction. On Carebor, land it was will be of the seeding kind of the peach is nearly all killed, and what we may have being higher than ever before. There were being higher than ever before.

Hine grass, timothy and clover, cowing very finely. Wheat, rye, follow we know by the tone of his letter, and planting corn, and we hope the present we feel that we have in him an appreciative will be one of great plenty on all hands reader, of couse he is a good Democrat.
